

Collaboration Workspace HLD

Introduction

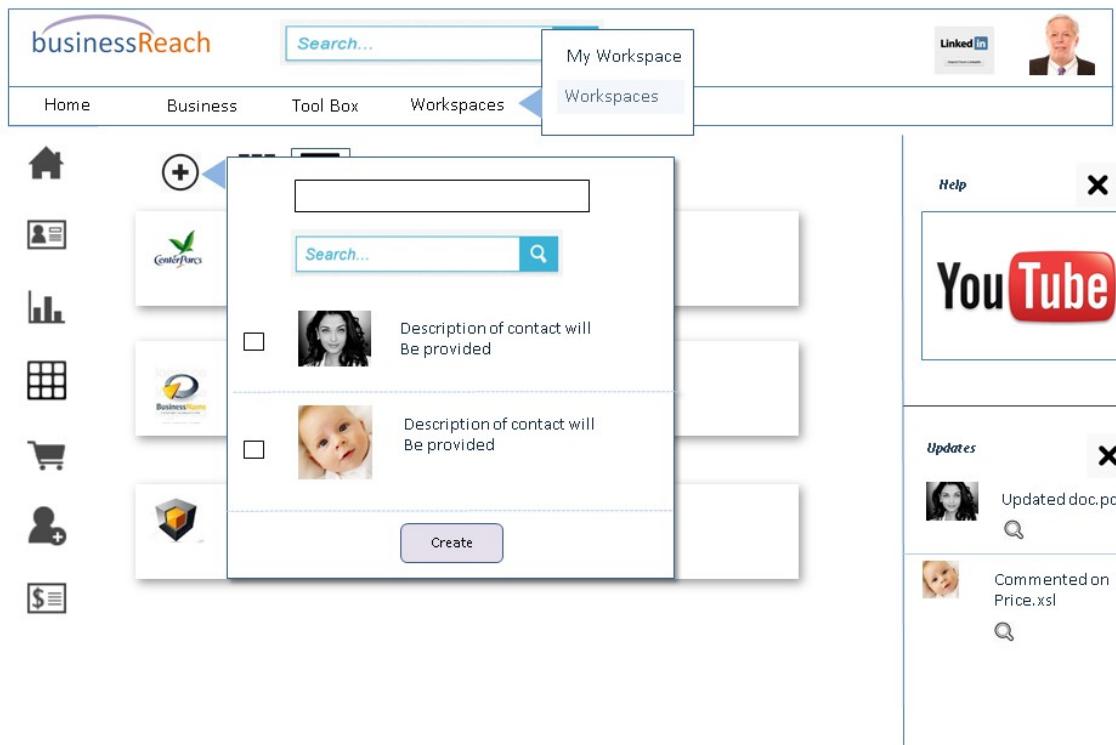

Workspace is a software infrastructure provided by BusinessReach for logical collaboration among business partners. This is ideal for processes span across business boundaries such as

- Collaboration on a deal among multiple partners
- Collaboration on partner training

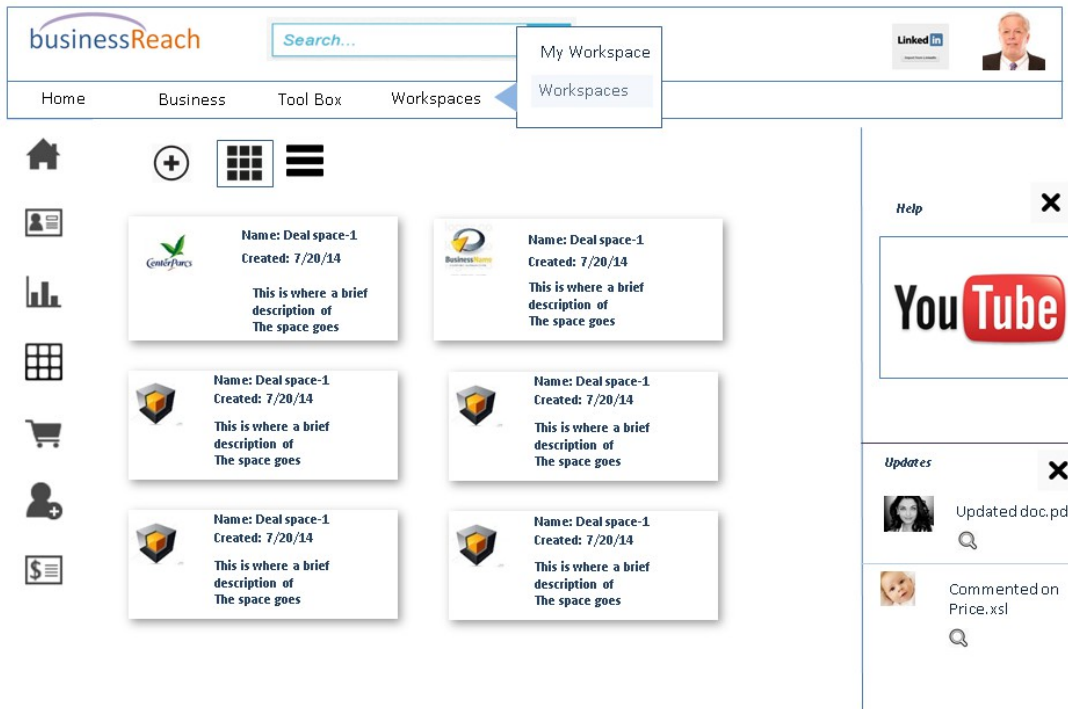

A collaboration space can be created in an explicit or implicit way. In the following diagram user can press the “Add” sign on top tool bar to create a collaboration space.

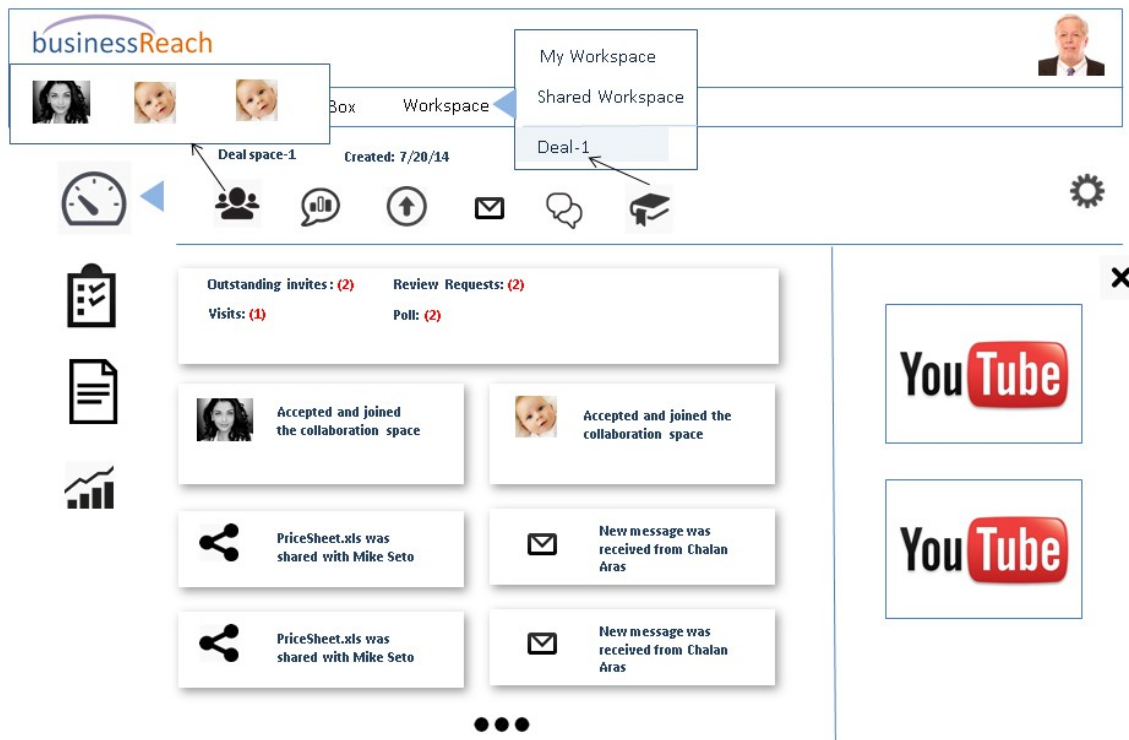

- Upon pressing “Add” sign a dialog box will appear with the list of business partners.
- User can search and select one or more such partners and press “Create”
- System will create a workspace and send invitation to each of the selected partners
- The email will contain “Join” button
- Upon clicking “Join” the partner will be redirected to the workspace page

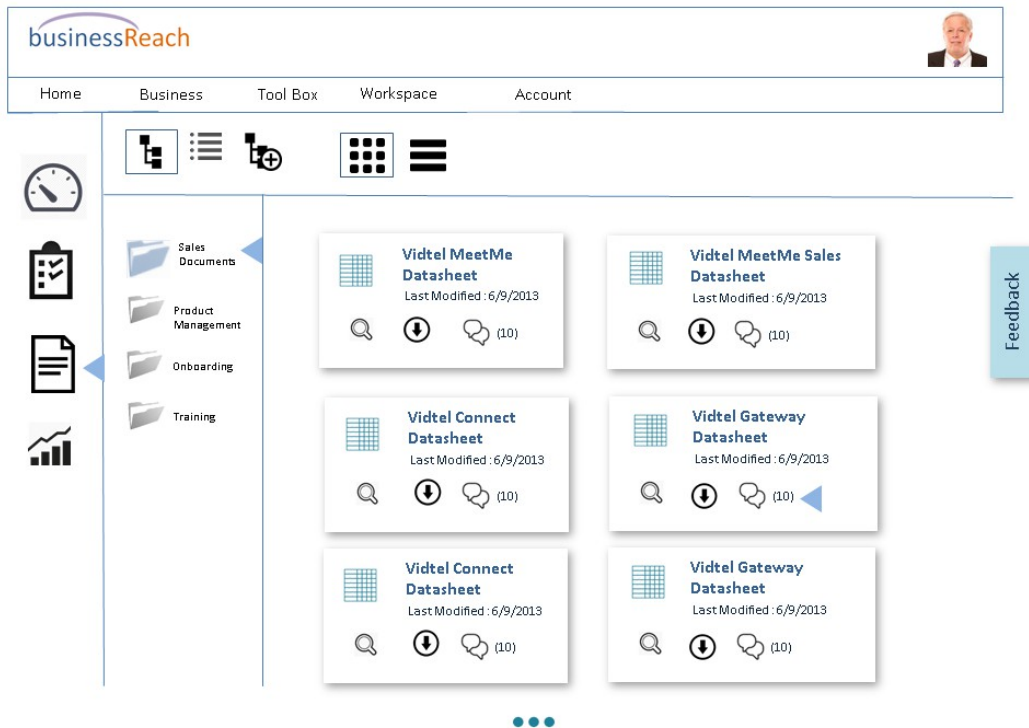

The following screen shows different views of workspace screen one list view and another tiled view.

- User can click on one of the workspaces to view the details of that workspace as shown in the screen below
- The dash board provides a snap shot view of what is going on in a workspace such as new message, new document upload etc.
- In addition to the dash board workspace provides a view of all the documents shared in the workspace
-

- This view shows details of a workspace
- A workspace can be bookmarked. Once bookmarked it will show as a menu item as shown
- Also clicking on the right most icon on top tool bar will show the list of participants

- This is the document screen of the workspace
- System automatically shows the documents in the first folder in a tiled view
- User can click on the magnifying glass button to see a specific document as shown in the next screen

The screenshot displays the businessReach application interface. At the top, there is a navigation bar with the logo and a user profile picture. Below this is a menu with options: Home, Business, Tool Box, Workspace, and Account. The main content area is divided into several sections:

- Left Sidebar:** Contains icons for a clock, a checklist, a document, and a bar chart. Below these are folder icons for Sales Documents, Product Management, Onboarding, and Training.
- Document Header:** Shows the document title "Vidtel MeetMe Datasheet" and its last modified date "6/9/2013". It includes icons for search, download, and a graduation cap.
- Post Button:** A button labeled "Post" is located next to the document header.
- Activity Wall:** A central area displaying a list of activities (comments) with user avatars and timestamps:
 - "Customers want more explanation of Skype and Google+ integration - Reseller 1, Aug 22, 2013"
 - "How do you integrate MeetMe into the collaboration workspace Reseller 20, Aug 9, 2013"
 - "Can you provide another datasheet on integration of Microsoft Lync video? Reseller 5, Aug 3, 2013"
 - "I like the new layout. Works for my customers Reseller 8, Aug. 1, 2013"
- Right Sidebar:** Contains sections for "Related Documents" (listing "Discovering customer needs.pdf" and "ROI calculator.doc") and "Bookmarks" (listing "Vidtel MeetMe Datasheet" and "Video is the best medicine for healthcare"). A vertical "Feedback" button is also present.

- The home page of a document has a wall that shows all the activities such as share, update and comment
- User can click on the magnifying glass to view the document in its thumbnail view as shown in the screen below
- In the screen below the user can click on a specific page and provide comment where the comment will be stored against the page as shown
